uces, that the laborious and troublesome stem of churning may become an agreeable recrea-on to the ladies, upon whom such duties usually devolve. 24 Male and Female What's the article? What's the description? What's it do, About M. acres Field and Forest Land, on my Homestead Track, situated three myles east of Memphis, at the head of Union avenue, and

In the most Attractive and Sensational En-Wall, it is simply two screw-propeller wheels attached to the lower and of a staff or handle. The most popular street per which is placed in the "old fashloned" wooden or tub churn, and worked in the same man-being now in process of construction. sely as the "old Dasher" - these two wheels revolve rapidly and in counter drestions at every up and down movement of the "Dedier," completely disengiging and cutting the cream into the minutest particles; while at the same time by sid of the "air bede" in each distinguished of the wheels, keeps the whole bulk of the cream supplied with constant currents of and fresh air, thus securing by the simplest process the true principles of " Good flutter Making." Well, sir, is the thing simple-very simple?

E. P. KENDALL Why, so very simple when sees, that not a worl of explanation is necessary. Why " hid. she city of dy," " Anat Dinah," or the signt year nid child can both understand and use it, and couldn't for the right.
